Chairman's Message

On behalf of the management and directors, I am pleased to update you on the key milestones completed thus far in 2018 and the goals and objectives for New Age Metals (NAM) for the balance of 2018 & 2019.

This message will also comment on other key corporate goals and milestones including: **Preliminary Economic Assessment (PEA)**, our first economic study which is fully funded and was initiated in August 2018 on our River Valley Platinum Group Metal (PGM) Project. **This message will outline our exploration and development plans for our River Valley PGM Project as well as the proposed plans for our 100% owned Alaskan Genesis PGM and Base Metal Project.** We will further reflect on key 2018 milestones for our **Lithium Division** and our plans for the exploration and development of our **8 Lithium and Rare Metals projects in Manitoba for 2019.**

*Harry Barr, Chairman & CEO
New Age Metals*

Due to improved metal prices for Platinum Group Metals more specifically **Palladium, Rhodium, Platinum** and projected **favourable supply and demand statistics** in the base metals (Nickel, Copper, Cobalt) sector, **management believes that investor's sentiment is beginning to change.** Investors with interest in both the common shares of Junior companies with advanced stage projects like River Valley and others who would purchase the physical metal themselves are beginning to take notice of these changing economic indicators. **The long-term consensus for the palladium, cobalt, copper, nickel and lithium markets continues to forecast a physical metal deficit.** Palladium, our primary metal at River Valley price is increasing due to significant supply risks from declining South African production combined with growing international demand.

River Valley PGM Deposit, Sudbury, Ontario

River Valley is the largest undeveloped primary PGM resource in North America, with 4.626Moz PdEq in Measured Plus Indicated including an additional 2.7 Moz PdEq in Inferred. The resource above is the result of a new 2018 NI 43-101 calculation, which was completed April 2018 by WSP Canada Inc. (WSP) under the supervision of Todd McCracken, P. Geo. The River Valley PGM project has excellent infrastructure and is within 100 kilometers of the Sudbury Metallurgical Complex. **The project is 100% owned by NAM.**

Due to a new discovery in the northern portion of the project, River Valley have recently completed two geophysics program using the most up to date survey methods. **Surface exploration and our recent drill programs have had encouraging results.**

In 2017 New Age Metals continued to make geological advancements in the newly discovered higher-grade Pine Zone. The contact zone is where the current measured and indicated resources have been proven and where approximately \$45 million has been expended to date throughout the 16 kilometers of our project. **Thus far in 2018, other new targets that have not been previously explored have been identified. These new targets may extend the River Valley Project mineralization to new zones that are very close to our existing resources.** To that end we have initiated a fall 2018 surface exploration program to better define future drill targets based on results from the recent geophysical program that outlined potential anomalies.

Current Exploration and Development Objectives:

1. Complete the River Valley Project Preliminary Economic Assessment (PEA)

In July and August, NAM engaged **P&E Mining Consultants** to collaborate with **DRA Americas** to complete the project's first economic study, a Preliminary Economic Assessment on River Valley. The PEA will look at the River Valley resource as defined in our most recent 2018 Resource Update and **design potential mining scenarios for open pit mining** and specifically outline the projected mine life, metal production rates and processing routes for our River Valley Project. **It will further consider capital and operating costs to be incurred to finally deliver a report that incorporates all of the above information into a financial model** to provide total cash flow, pre-tax net present value (NPV) and pre-tax internal rate of return. **Completion of the PEA is slated for the end of the second quarter of 2019.**

Subject to continued positive project development results for the River Valley Project and the completion of a positive Preliminary Economic Assessment, **NAM's management plan is to develop a series of open pits, mine and concentrate on site and ship our concentrates approximately 100 road kilometers to the Sudbury Metallurgical complex.**

2. Ground proof several of the large geophysical anomalies identified in the 2018 geophysical program, conduct selective bulldozer stripping. Mapping of new mineralized zones, surface sample and/or diamond saw sampling, send samples for assay.
3. Complete report with budgets to outline a 3-phase diamond drill program on the multiple drill targets as outlined by the Abitibi geophysical reports and Alan King's interpretation of these reports in the northern 3.5-4 km of River Valley.

As a reminder to our shareholders and interested investors our River Valley Project also contains: Gold, Cobalt, Copper, Nickel, and Rhodium. Palladium and Rhodium continue to have significant price increases in 2018.

Exploration Plans for Lithium Division 2018

The Company has **eight pegmatite hosted Lithium Projects** in the Winnipeg River Pegmatite Field, located in SE Manitoba. **In January**, NAM announced a **final agreement with Azincourt Energy Corp. (TSX.V: AAZ) for the Manitoba Lithium Projects.** (News Release: **January 15th, 2018**) This Pegmatite Field hosts the world class Tanco Pegmatite that has been mined for Tantalum, Cesium and Spodumene (one of the primary Lithium ore minerals) in varying capacities, since 1969. NAM's Lithium Projects are strategically situated in this prolific Pegmatite Field. **Presently, NAM, under its subsidiary Lithium Canada Developments, is the largest mineral claim holder in the Winnipeg River Pegmatite Field** for Lithium and Rare Metal projects. **Azincourt Energy Corp., as our option/joint venture/funding partner, is financed for and has committed to a minimum of \$600,000 to be expended on exploration this year in Manitoba.** On **July 11th, 2018**, NAM announced that they had exercised their option to search for Lithium and Rare Metals on the CAT4 claim.

On August 16th NAM provided an update on the summer 2018 exploration program where assays from the Lithium Two Project showed up to 3.3% Li₂O. **Further to the assay results, extensive surface exploration programs** were completed on the Lithman North Project while there are ongoing programs taking place on the Lithman East and Lithman East Extension Projects.

Our technical team has started advanced surface exploration on Lithium One in early September and two drill applications have been applied for. Additional work will also be completed on several of

the company's other Manitoba Lithium projects. Further announcements will be forthcoming on our lithium division.

Genesis Platinum Group Metal, Base Metal Project, Alaska

In 2018, NAM acquired the Genesis PGM Project which is an under explored, highly prospective multi-prospect drill ready Pd-Pt-Ni-Cu property that warrants follow-up drilling, additional surface mapping, sampling to expand the known footprint of mineralization and to determine the ultimate size and grade of the layered mineralization outlined to date. NAM management is actively seeking an option/joint-venture partner for this road accessible PGM/Multiple Element Project using the Prospector Generator business model. The stable land status, ease of access and superb infrastructure make this project prospective for year-around exploration, development and production.

A detailed work program has been proposed in a fall 2018 NI 43-101 technical report done by Curt Freeman, President of Avalon Development Corporation, an Alaskan geological consultant who will manage the go-forward exploration plan for the Genesis Project.

I would personally like to acknowledge our Directors, Technical and Management teams for their ongoing hard work and dedication to our Company.

On behalf of our board of directors, I would like to thank you, our shareholders and interested parties for your continued interest and support.

Sincerely,

MANAGEMENT INFORMATION CIRCULAR

as at October 19, 2018 (except as indicated)

This information circular (“**Information Circular**”) is provided in connection with the solicitation of proxies by the management of **NEW AGE METALS INC.** (the “**Company**”) for use at the Annual General Meeting of the shareholders of the Company (the “**Meeting**”) to be held at Beadle Raven LLP, 600-1090 West Georgia Street, Vancouver, British Columbia, V6E 3V7 on Thursday, November 29, 2018 at 11:00 a.m. (Vancouver time), and any adjournments thereof, for the purpose set forth in the enclosed Notice of Annual General Meeting (“**Notice of Meeting**”).

The solicitation of proxies is intended to be primarily by mail but may also be made by telephone, facsimile or other electronic means of communication or in person by the directors, officers, and employees/consultants of the Company. The cost of such solicitation will be borne by the Company.

APPOINTMENT OF PROXYHOLDER

The individuals named in the accompanying form of proxy are directors and/or officers of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM OR HER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** Such a shareholder should notify the nominee of his or her appointment, obtain his or her consent to act as proxy and instruct him or her on how the shareholder’s shares are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or his/her attorney authorized in writing, or if the shareholder is a company, under its corporate seal, or by an officer or attorney thereof duly authorized.

VOTING OF PROXIES

The persons named in the enclosed form of proxy will vote or withhold from voting the shares of the Company represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. The form of proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the form of proxy, the persons named in the proxy will vote the shares represented by the form of proxy for the approval of such matter.

DISTRIBUTION OF MEETING MATERIALS

This Information Circular and related material are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the proxy.

A shareholder may receive multiple packages of Meeting materials if the shareholder holds shares through more than one intermediary (an “**Intermediary**”), or if the shareholder is both a registered shareholder and a non-registered shareholder for different shareholdings. Any such shareholder should repeat the steps to vote through a proxy, appoint a proxyholder or attend the Meeting, if desired, separately for each shareholding to ensure that all the shares from the various shareholdings are represented and voted at the Meeting.

Registered Shareholders

Registered shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders electing to submit a form of proxy may do so by:

- (a) completing, dating and signing the enclosed form of proxy and returning it to the Company's transfer agent, Computershare Investor Services Inc. ("Computershare"), by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail or hand delivery to Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1; or
- (b) using a touch-tone phone to transmit voting choices to a toll free number. The toll free number to call is 1-800-564-6253 within North America and 1-416-263-9200 outside North America. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed form of proxy for the toll free number, the holder's account number and the proxy access number; or
- (c) using the internet through the website for the Company's transfer agent at www.investorvote.com. Registered shareholders must follow the instructions that appear on the screen and refer to the enclosed form of proxy for the holder's account number and the proxy control number.

In all cases the form of proxy must be received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the form of proxy is to be used.

Non-registered Shareholders

The information in this section is important to many shareholders as a substantial number of shareholders do not hold their shares in their own name. Shareholders who hold shares through their brokers, intermediaries, trustees or other nominees (such shareholders being collectively called “*Beneficial Shareholders*”). Beneficial shareholders should note that the only form of proxy that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of shares).

If Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In the United States the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many United States brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for the Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

If you are a Beneficial Shareholder:

You should carefully follow the instructions of your broker or intermediary in order to ensure that your shares are voted at the Meeting.

The form of proxy supplied to you by your broker will be similar to the form of proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote on your behalf. Many brokers delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications or another investor communication service (collectively, for the purposes of this Information Circular, "**Broadridge**") in Canada and the United States. Broadridge will typically mail a voting instruction form in lieu of a proxy provided by the Company. The voting instruction form will name the same persons as the Company's form of proxy to represent you at the Meeting. You have the right to appoint a person (who need not be a Beneficial shareholder of the Company), other than the persons designated in the voting instruction form, to represent you at the Meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **If you receive a voting instruction form from Broadridge, you cannot use it to vote shares directly at the Meeting - the voting instruction form must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have the shares voted.**

Although as a Beneficial shareholder you may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of your broker, you, or a person designated by you, may attend at the Meeting as proxy holder for your broker and vote your shares in that capacity. If you wish to attend at the Meeting and indirectly vote your shares as proxy holder for your broker, or have a person designated by you to do so, you should enter your own name, or the name of the person you wish to designate, in the blank space on the voting instruction form provided to you and return the same to your broker in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, you can request in writing that your broker send you a legal proxy which would enable you, or a person designated by you, to attend at the Meeting and vote your shares.

REVOCATION OF PROXIES

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the registered shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to the Company's transfer agent, Computershare Investor Services Inc., by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail or hand delivery to Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1 at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- (b) personally attending the Meeting and voting the registered shareholder's shares.

Only registered shareholders have the right to revoke a proxy. Beneficial shareholders who wish to revoke their proxy must, at least seven days before the Meeting, arrange for their respective intermediaries (as described above) to revoke the proxy on their behalf. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

RECORD DATE

The Company has set the close of business on October 19, 2018 as the record date (the "*Record Date*") for the Meeting. Only the registered holders of common shares, and those beneficial holders entitled to receive notice through their intermediaries, as at that date, are entitled to receive notice of and to vote at the Meeting unless after that date a shareholder of record transfers his or her shares and the transferee, upon producing properly endorsed certificates evidencing such shares or otherwise establishing that he or she owns such shares, requests at least ten (10) days prior to the Meeting that

the transferee's name be included in the list of shareholders entitled to vote, in which case such transferee is entitled to vote such shares at the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as set forth in this Information Circular and except for the fact that certain directors and officers of the Company may have been granted stock options, management of the Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any director or executive officer of the Company, any nominee for election as a director of the Company or any associate or affiliate of any such person, in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The holders of the Company's shares of record at the Record Date are entitled to vote such shares at the Meeting on the basis of one vote for each common share held. The Company is authorized to issue an unlimited number of shares without par value of which 86,720,100 shares are issued and outstanding as of the Record Date. The Company has no other class of voting securities.

A quorum for the transaction of business at the Meeting is at least one person who is, or who represents by proxy one or more shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to vote at the Meeting.

To the knowledge of the directors and executive officers of the Company, and based upon the Company's review of the records maintained by Computershare and insider reports filed with the System for Electronic Disclosure by Insiders ("SEDI"), as at October 19, 2018, there were no shareholders who beneficially owned, directly or indirectly, or exercised control or direction over shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company:

COMPENSATION DISCUSSION & ANALYSIS

The Company’s executive compensation program is administered by the Company’s compensation committee (the “**Compensation Committee**”). As at April 30, 2018, the Compensation Committee was comprised of Michael Neumann (Chair of the Compensation Committee), John Londry and Harry Barr.

The primary purpose of the Compensation Committee is to recommend levels of executive compensation that are competitive in order to attract, motivate and retain highly skilled and experienced executive officers, to provide fair and competitive compensation, to align the interest of management with those of shareholders and to reward corporate and individual performance. The Compensation Committee does not have a formal compensation program with set benchmarks; however, the Compensation Committee does have an informal program which seeks to reward an executive officer’s current and future expected performance and the achievements of corporate milestones and align the interests of executive officers with the interests of the Company’s shareholders.

The compensation awarded to, earned by, paid to or payable to each of the NEOs for the most recently completed financial year is set out under the heading, “*Summary Compensation Table*” under “*Summary of Compensation*” below.

Compensation Review Process

The Compensation Committee periodically reviews the compensation paid to each executive officer, including the NEOs and then submits its recommendations to the Board with respect to basic salary, any bonus and stock option grants.

In determining the compensation of NEOs, the Compensation Committee considers the following goals and objectives of the Company which are:

- to attract and retain qualified and experienced executives in today’s market place;
- to encourage and reward outstanding performance by those people who are in the best position to enhance the Company’s near-term results and long-term prospects; and
- to ensure the compensation paid is competitive with the current market.

Assessment of Individual Performance

Individual performance in connection with the achievement of corporate milestones and objectives is reviewed by the Compensation Committee for all executive officers. While awards are generally tied to performance against quantitative objectives, consideration is also given to an individual’s qualitative contribution to the Company. For example, the Compensation Committee will evaluate the individual’s leadership skills, commitment to the Company’s shareholders, innovation and teamwork.

As the Company has a small team of executive officers, a high degree of commitment and performance is required from each individual to achieve corporate milestones and objectives. This high degree of commitment and performance was demonstrated during the fiscal year ended 2018 by each executive officer with the following accomplishments:

- each executive officer’s consistent and focused leadership, evidenced during challenging times;
- each executive officer’s leadership in strengthening the Company’s ability to manage risk; and
- each executive officer’s role in the enhancement of the Company’s profile in the public marketplace.

The Compensation Committee, when determining cash compensation to the NEOs takes into consideration the extensive experience in the mining industry, responsibilities and duties of each NEO, as well as personal risks and contributions to the Company’s success. The NEOs receive a base cash compensation that the Company feels is in line with that paid by

similar companies in North America; however no formal survey has been completed by the Compensation Committee or the Board in making such a determination.

Elements of Executive Compensation

There are two main elements of direct compensation, namely base salary and equity participation through the Company's stock option plan.

Base Salary

Base salary is the principal component of an executive officer's compensation package. In determining the base salary paid/payable to NEOs, the Compensation Committee reviews salary levels of similar companies in the industry and obtains an informal survey on overall salaries of mineral exploration companies. The Compensation Committee also considers an executive officer's performance and levels of responsibility and importance to the Company.

The contractual arrangements with the NEOs are set forth in detail under the heading "*Summary of Compensation*" under "*Narrative Discussion*" below.

Equity Participation through Stock Option Plan

The stock option component of the Company's executive compensation program is intended to encourage and reward outstanding performance over the short and long terms, and to align the interests of the Company's NEOs with those of its shareholders. Options are awarded by the Board based on the recommendations of the Compensation Committee, which bases its decisions upon the level of responsibility and contribution of the individuals towards the Company's goals and objectives. The Compensation Committee also takes into consideration the amount and terms of outstanding stock options in determining its recommendations regarding the options to be granted during any fiscal year.

The stock option component of executive compensation acts as an incentive for the Company's NEOs to work to enhance the Company's value over the long term, and to remain with the Company.

The Compensation Committee is of the view that the Company's compensation structure appropriately takes into account the factors relevant to the resource industry, the Company's performance within that industry, and the individual contributions to the Company's performance made by its NEOs.

Option-based awards

Please see "*Equity Participation through the Stock Option Plan*" above for details of the process used by the Company in granting option-based awards to its NEOs.

The stock option grants to directors, officers, other employees and consultants are determined by an assessment of the individual's current and expected future performance, level of responsibilities, importance of the position held, contribution to the Company and previous option grants and exercise prices including:

- the remuneration paid to the individual as at the grant date in relation to the total remuneration payable by the Company to all of its directors, officers, employees and consultants as at the grant date;
- the length of time that each individual has been employed or engaged by the Company; and
- the quality of work performed by such director, officer, employee or consultant.

The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires that each reporting company disclose its corporate governance practices on an annual basis. The Company's general approach to corporate governance is summarized below.

Board of Directors

The Board is currently composed of five (5) directors. All director nominees are current directors of the Company.

Independence

Section 1.4 of National Instrument 52-110 – *Audit Committees* ("**NI 52-110**") sets out the standard for director independence. Under NI 52-110, a director is independent if he or she has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship to the Company.

Applying the definition set out in NI 52-110, four (4) of the five (5) members of the Board are independent. The members who are independent are John Londry, Michael Neumann, Ron Hieber and Colin Bird. Harry Barr is not independent by virtue of the fact that he is an executive officer of the Company (Mr. Barr is the Chairman and CEO of the Company).

In order to facilitate its exercise of independent judgment in carrying out the responsibilities of the Board, the Board ensures that a majority of independent directors are in attendance at all Board meetings.

Chairman

During the year ended April 30, 2018, Harry Barr was the Chairman of the Board. Under NI 52-110, Mr. Barr is not independent.

Nomination of Directors

Board Committees

The Board is responsible for the stewardship of the Company through the supervision of the business and managements of the Company. This mandate is accomplished directly and through two (2) committees, namely the Company's Audit Committee and the Compensation Committee. These committees were established to devote the necessary expertise and resources to particular areas, and to enhance the quality of discussion at Board meetings. The Committees facilitate effective Board decision-making by providing recommendations to the Board on matters within their respective responsibilities. The Board believes that these Committees assist in the effective functioning of the Board and that the composition of the Committees should ensure that the views of unrelated and independent Directors are effectively represented.

A summary of the responsibilities and activities and the membership of each of the Committees is set out below:

(e) if the Company becomes listed or quoted on a stock exchange or stock market senior to the TSX Venture, it may make such amendments as may be required by the policies of such senior stock exchange or stock market; and

(f) it may make such amendments as reduce, and do not increase, the benefits of this Plan to Service Providers.

Amendments Requiring Disinterested Shareholder Approval

Exercise Price

1.16 The Exercise Price of an Option will be set by the Board at the time such Option is allocated under the Plan, and cannot be less than the Discounted Market Price.

Term of Option

1.17 An Option can be exercisable for a maximum of 10 years from the Effective Date.

Option Amendment

1.18 Subject to §1.14(b), the Exercise Price of an Option may be amended only if at least six (6) months have elapsed since the later of the date of commencement of the term of the Option, the date the Common Shares commenced trading on the TSX Venture, or the date of the last amendment of the Exercise Price.

1.21 Subject to §1.22, vesting of Options shall be at the discretion of the Board and, with respect to any particular Options granted under the Plan, in the absence of a vesting schedule being specified at the time of grant, all such Options shall vest immediately. Where applicable, vesting of Options will generally be subject to:

- (a) the Service Provider remaining employed by or continuing to provide services to the Company or any of its Affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its Affiliates during the vesting period; or

- (b) such longer vesting period as the Board may determine.

Effect of Take Over Bid

1.23 If a Take Over Bid is made to the shareholders generally then the Company shall immediately upon receipt of notice of the Take Over Bid, notify each Optionee currently holding an Option of the Take Over Bid, with full particulars thereof whereupon such Option may, notwithstanding §1.21 and §1.22 or any vesting requirements set out in the Option Certificate, be immediately exercised in whole or in part by the Optionee, subject to approval of the TSX Venture for vesting requirements imposed by the TSX Venture Policies.

Extension of Options Expiring During Blackout Period

1.24 Should the Expiry Date for an Option fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such Expiry Date shall, subject to approval of the TSX Venture, be automatically extended without any further act or formality to that day which is the tenth (10th) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the Expiry Date for such Option for all purposes under the Plan. Notwithstanding §1.12, the tenth Business Day period referred to in this §1.24 may not be extended by the Board.

Optionee Ceasing to be Director, Employee or Service Provider

1.25 Options may be exercised after the Service Provider has left his/her employ/office or has been advised by the Company that his/her services are no longer required or his/her service contract has expired, until the term applicable to such Options expires, except as follows:

- (a) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (b) an Option granted to any Service Provider will expire 90 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any time prior to expiry of the Option) after the date the Optionee ceases to be employed by or provide services to the Company, and only to the extent that such Option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company; and
- (c) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Non Assignable

1.26 Subject to §1.25, all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Optioned Shares

1.27 The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:

- (a) in the event of a subdivision of Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common Shares as result from the subdivision without an Optionee making any additional payment or giving any other consideration therefor;
- (b) in the event of a consolidation of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a lesser number of Common Shares, the Company will thereafter deliver and an Optionee will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;
- (c) in the event of any change of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the said change as an Optionee would have been entitled to receive in respect of the number of Common Shares so purchased had the right to purchase been exercised before such change;
- (d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, an Optionee will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common Shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of this §1.27;
- (e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative;
- (f) the Company will not be required to issue fractional shares in satisfaction of its obligations hereunder. Any fractional interest in a Common Share that would, except for the provisions of this §1.27, be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company; and
- (g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events set out in this §1.27, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the Company may designate and who will be granted access to all appropriate records and such determination will be binding upon the Company and all Optionees.

CERTIFICATE AND EXERCISE PROCEDURES

Option Certificate

1.28 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Certificate detailing the terms of such Options and upon such delivery the Optionee will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof, including any additional requirements contemplated with respect to the payment of required withholding taxes on behalf of Optionees.

Manner of Exercise

1.29 An Optionee who wishes to exercise his Option may do so by delivering

- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and
- (b) a certified cheque, wire transfer or bank draft payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired, plus any required withholding tax amount subject to §4.3.

Tax Withholding and Procedures

1.30 Notwithstanding anything else contained in this Plan, the Company may, from time to time, implement such procedures and conditions as it determines appropriate with respect to the withholding and remittance of taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law. Without limiting the generality of the foregoing, an Optionee who wishes to exercise an Option must, in addition to following the procedures set out in §4.2 and elsewhere in this Plan, and as a condition of exercise:

- (a) deliver a certified cheque, wire transfer or bank draft payable to the Company for the amount determined by the Company to be the appropriate amount on account of such taxes or related amounts; or
- (b) otherwise ensure, in a manner acceptable to the Company (if at all) in its sole and unfettered discretion, that the amount will be securely funded;

and must in all other respects follow any related procedures and conditions imposed by the Company.

Delivery of Optioned Shares and Hold Periods

1.31 As soon as practicable after receipt of the notice of exercise described in §4.2 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue to the Optionee the appropriate number of Optioned Shares. If the Exercise Price is below the current market price of the Common Shares on the TSX Venture at the time of grant, or if otherwise required pursuant to TSX Venture Policies, the certificate representing the Optioned Shares or written notice in the case of uncertificated shares will include a legend stipulating that the Optioned Shares issued are subject to a four-month Exchange Hold Period commencing the date of the Option Certificate.

GENERAL

Employment and Services

1.32 Nothing contained in the Plan will confer upon or imply in favour of any Optionee any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Optionee's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by an Optionee is voluntary.

No Representation or Warranty

1.33 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Options or the Common Shares issuable thereunder or the tax consequences to a Service Provider. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of each Participant and not the Company.

Interpretation

1.34 The Plan will be governed and construed in accordance with the laws of the Province of British Columbia.

Continuation of Plan

1.35 The Plan will become effective on October 19, 2016 and will remain effective provided that the Plan, or any amended version thereof receives Shareholder Approval at each annual general meeting of the holders of Common Shares of the Company held in or subsequent to 2016.

Amendment of the Plan

1.36 The Board reserves the right, in its absolute discretion, to at any time amend, modify or terminate the Plan with respect to all Common Shares in respect of Options which have not yet been granted hereunder. Any amendment to any provision of the Plan will be subject to any necessary Regulatory Approvals unless the effect of such amendment is intended to reduce (but not to increase) the benefits of this Plan to Service Providers.
